

LEARNING OBJECTIVES
1-8-19

DESIRED OUTCOMES

At the end of the presentation, attendees will be able to:

- differentiate characteristics of live, killed, and recombinant vaccines.
- list recommended vaccinations by age and incorporate into practice.
- describe herd immunity and consequences of non-vaccination.
- prepare to assess cultural diversity issues in risk, incidence, prevalence, disease burden, or mortality associated with non-vaccination and/or cultural disparities, particularly in California
