

LEARNING OBJECTIVES

1-12-17

DESIRED OUTCOMES

At the end of the presentation, attendees will be able to:

- perform a basic eye examination and take a complete ocular history of patients with ocular pain, vision loss, or injury.
- determine the etiology, diagnosis, and differential diagnosis of ocular pain, vision loss, or injury. .
- appropriately treat ocular emergencies and/or refer when necessary.
- prepare to assess cultural diversity issues in risk, incidence, prevalence, disease burden, or mortality associated with and/or cultural disparities in access, diagnosis at more advanced stages, or less adherence to treatment regimens
