

LEARNING OBJECTIVES

1-14-20

DESIRED OUTCOMES

At the end of the presentation, attendees will be able to:

- describe lessons learned from the 1994 Northridge earthquake and more recent earthquake activity.
- describe the current state of seismic activity in Los Angeles County.
- follow guidelines for preparing and caring for self and family during a natural disaster.
- consider becoming an appropriately trained disaster volunteer.
- prepare to assess cultural diversity issues in risk, incidence, prevalence, disease burden, or mortality associated with a natural disaster and/or cultural disparities in access to care.
