

LEARNING OBJECTIVES
2-25-20

DESIRED OUTCOMES

At the end of the presentation, attendees will be able to:

- determine indications and patient selection for CAC screening.
- interpret findings from CAC screening; appropriately use clinical decision making in asymptomatic and symptomatic patients.
- prepare to assess cultural diversity issues in risk, incidence, prevalence, disease burden, or mortality associated with coronary artery disease and/or cultural disparities in access, diagnosis at more advanced stages, or less adherence to treatment regimens.
