

LEARNING OBJECTIVES

3-10-20

DESIRED OUTCOMES

At the end of the presentation, attendees will be able to:

- determine indications and patient selection for dental implants.
- evaluate the safety, efficacy, and long-term outcomes of dental implants.
- evaluate the latest techniques used in dental implants.
- prepare to assess cultural diversity issues in risk, incidence, prevalence, disease burden, or mortality associated with dental disease and/or cultural disparities in access, diagnosis at more advanced stages, or less adherence to treatment regimens.
