

## **LEARNING OBJECTIVES**

**3-20-18**

### **DESIRED OUTCOMES**

At the end of the presentation, attendees will be able to:

- recognize the signs and symptoms of aortic stenosis, conduct an appropriate work-up, and make the differential diagnosis.
- implement the most current guidelines for the management of aortic stenosis.
- discuss the rationale, techniques, safety, efficacy and long-term outcomes of TAVR.
- prepare to assess cultural diversity issues in risk, incidence, prevalence, disease burden, or mortality associated with aortic stenosis and/or cultural disparities in access, diagnosis at more advanced stages, or less adherence to treatment regimens.
