

LEARNING OBJECTIVES

4-12-18

DESIRED OUTCOMES

At the end of the presentation, attendees will be able to:

- identify risk factors for non-melanoma skin cancer.
- identify indications for radiation therapy in the treatment of non-melanoma skin cancer.
- describe techniques used in the treatment of non-melanoma skin cancer, risks/benefits, safety, efficacy and long-term outcomes.
- prepare to assess cultural diversity issues in risk, incidence, prevalence, disease burden, or mortality associated with skin cancer and/or cultural disparities in access, diagnosis at more advanced stages, or less adherence to treatment regimens
