

LEARNING OBJECTIVES

6-9-20

DESIRED OUTCOMES: At the end of the activity, attendees will be able to:

- discuss the major elements of AB 2193/3032 and how they can be applied in the hospital and office setting.
- identify women who may be at risk for post-partum anxiety/depression.
- communicate effectively with post-partum women and families during the mental health screening and education process.
- prepare to assess cultural diversity issues in effectively communicating with post-partum women and their families.
