

LEARNING OBJECTIVES

6-18-19

DESIRED OUTCOMES

At the end of the presentation, attendees will be able to:

- recognize the signs and symptoms of pituitary disorders.
- perform an appropriate work-up, order appropriate imaging, make the differential diagnosis.
- treat pituitary disorders and tumors according to the latest clinical guidelines.
- prepare to assess cultural diversity issues in risk, incidence, prevalence, disease burden, or mortality associated with pituitary disorders and/or cultural disparities in access, diagnosis at more advanced stages, or less adherence to treatment regimens.
