

LEARNING OBJECTIVES

9-15-20

DESIRED OUTCOMES: At the end of the activity, attendees will be able to:

- evaluate current epidemiology for COVID-19.
- determine next steps in addressing treatment, testing, vaccines, and long-term follow up for COVID-19 as well as for guidance for school re-openings.
- prepare to assess cultural diversity issues in risk, incidence, prevalence, disease burden, or mortality associated with COVID-19 and/or cultural disparities in access, diagnosis at more advanced stages, or less adherence to treatment regimens.
