

LEARNING OBJECTIVES
10-8-19

DESIRED OUTCOMES

At the end of the presentation, attendees will be able to:

- cite findings from the Women's Health Initiative and other long-term studies regarding the risks and benefits of HRT.
- cite evidence that supports the use of HRT in menopausal women.
- prepare to assess cultural diversity issues in risk, incidence, prevalence, disease burden, or mortality associated with HRT and/or cultural disparities in access, diagnosis at more advanced stages, or less adherence to treatment regimens.
