

**LEARNING OBJECTIVES**  
**10-17-17**

**DESIRED OUTCOMES**

At the end of the presentation, attendees will be able to:

- identify patients most at risk for genetic disorders.
- determine indications for referral for genetic screening.
- collaborate with colleagues in genetic screening programs to provide best care for high-risk patients.
- prepare to assess cultural diversity issues in risk, incidence, prevalence, disease burden, or mortality associated with genetic disorders and/or cultural disparities in access to genetic screening.
