

## **LEARNING OBJECTIVES**

**12-12-17**

### **DESIRED OUTCOMES**

At the end of the presentation, attendees will be able to:

- recognize patients at risk for exacerbation of symptoms and severity of allergy and asthma.
- assess patients impacted by environmental triggers of allergy and asthma.
- manage patients with asthma according to the latest evidence-based treatment guidelines.
- prepare to assess cultural diversity issues in risk, incidence, prevalence, disease burden, or mortality associated with asthma and/or cultural disparities in access, diagnosis at more advanced stages, or less adherence to treatment regimens.
