

LEARNING OBJECTIVES

PERFORMANCE GAP/ ACTIVITY NEED: The goal of Pain Management Rounds is to explore best practices in pain management and provide patient relief from suffering.

LEARNING OBJECTIVES, 10/16/23: At the end of the session, attendees will be able to

- differentiate between short and long-acting opioids.
- evaluate when and how to appropriately use each.
- safely convert between different types of opioids.

LEARNERS: all clinicians

DESIRABLE PHYSICIAN ATTRIBUTE: provide patient-centered care, employ evidence-based practice, work in interdisciplinary teams

CULTURAL/LINGUISTIC DIVERSITY/IMPLICIT BIAS (AB241) Reflect on the patient populations most affected and consider how implicit bias may impact appropriate care of these patients. Patients may present with varied levels of pain tolerance, based on gender, age, ethnic background, and/or sociocultural/socioeconomic factors.

“In order to empathize with someone’s experience, you must be willing to believe them as they see it, and not how you imagine their experience to be.”—Brene Brown (quote from “It’s Thankful Thursday”)
